VYTE × ORBYTE ECOSYSTEM PITCH

# Smart Inventory, Zero Stockouts

The autonomous SME operating system uniting replenishment, supplier memory, order fulfillment, and statutory compliance.

Jayden Lai Quan Qing • Presenter | orbyteflow v2.0

THE SILENT CASH BLEED

# Operational Friction Costs SMEs Up to 20% Margin

**15–20%**
Annual working capital margin bleed

**$1.77T**
Global inventory distortion loss (IHL Group)

**18–22%**
Annual inventory holding cost drag

**Blind Supplier RFQs**
Hidden 11.5% defect rates.

**Perishable Expiry**
Direct inventory write-offs.

**Liquidity Blindspots**
Sudden operating cash shortfalls.

SYSTEM ARCHITECTURE

# 5-Stage Autonomous Execution Chain

01 / EVENT

### Trigger Event

Automated threshold drop detection.

02 / DATA

### Context Retrieval

Live stock & RFQ querying.

03 / LOGIC

### AI Decision

Defect-weighted supplier ranking.

04 / CONTROL

### Human Approval

Explicit owner financial sign-off.

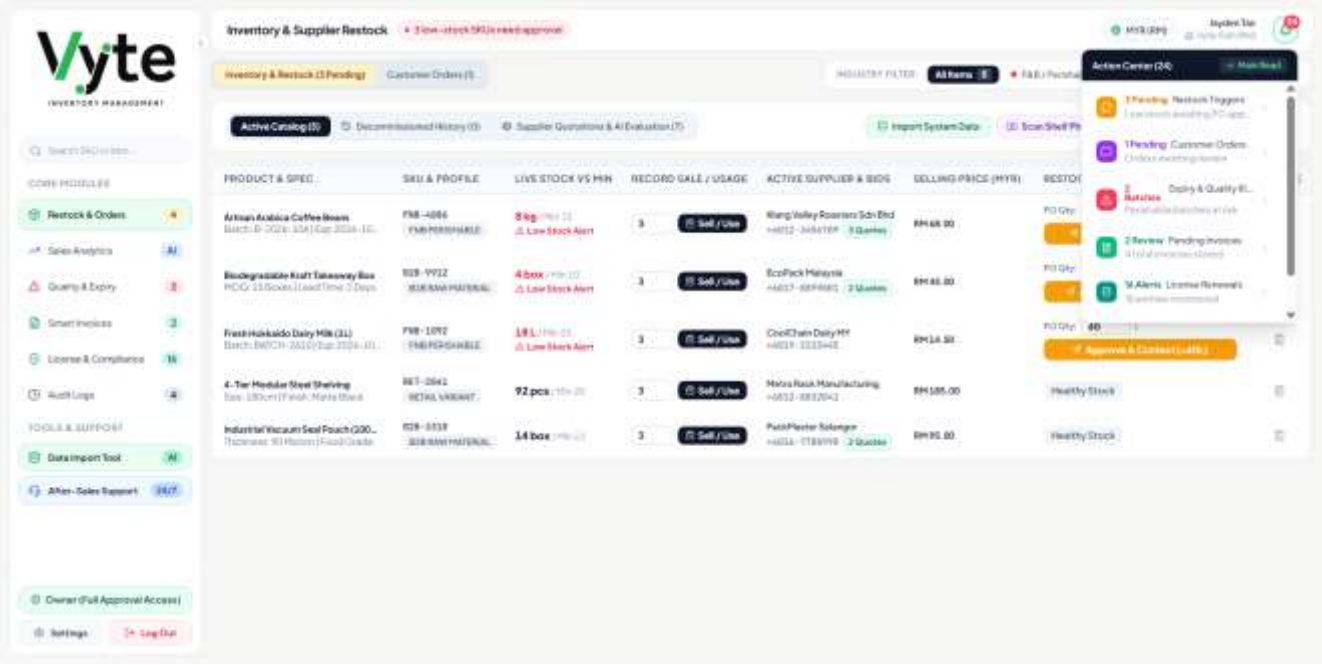

05 / PROOF

### Immutable Audit

Cryptographic permanent activity logs.

MVP DEMONSTRATION • MODULE 1

# Action Center Alerts & Autonomous Restock

**Instant Threshold Alerts**

Low-stock triggers flag replenishment.

**Action Center Hub**

24 actionable notifications unified.

**85% Administrative Reduction**

Fifteen-minute weekly procurement cycles.

MVP DEMONSTRATION • REAL-TIME USAGE

# Counter Sales & Live Stock Balance Deduction

### Live Balance Check

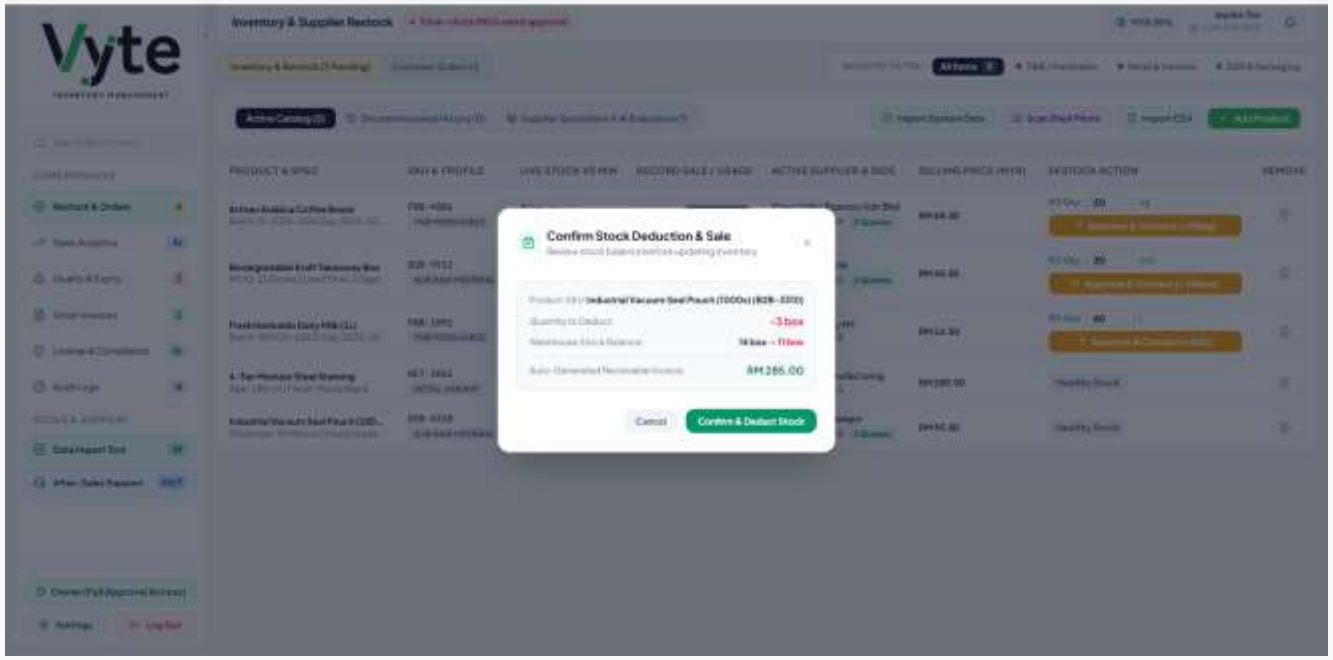

Real-time warehouse inventory decrement.

### Auto-Receivable Invoices

Generates customer billing immediately.

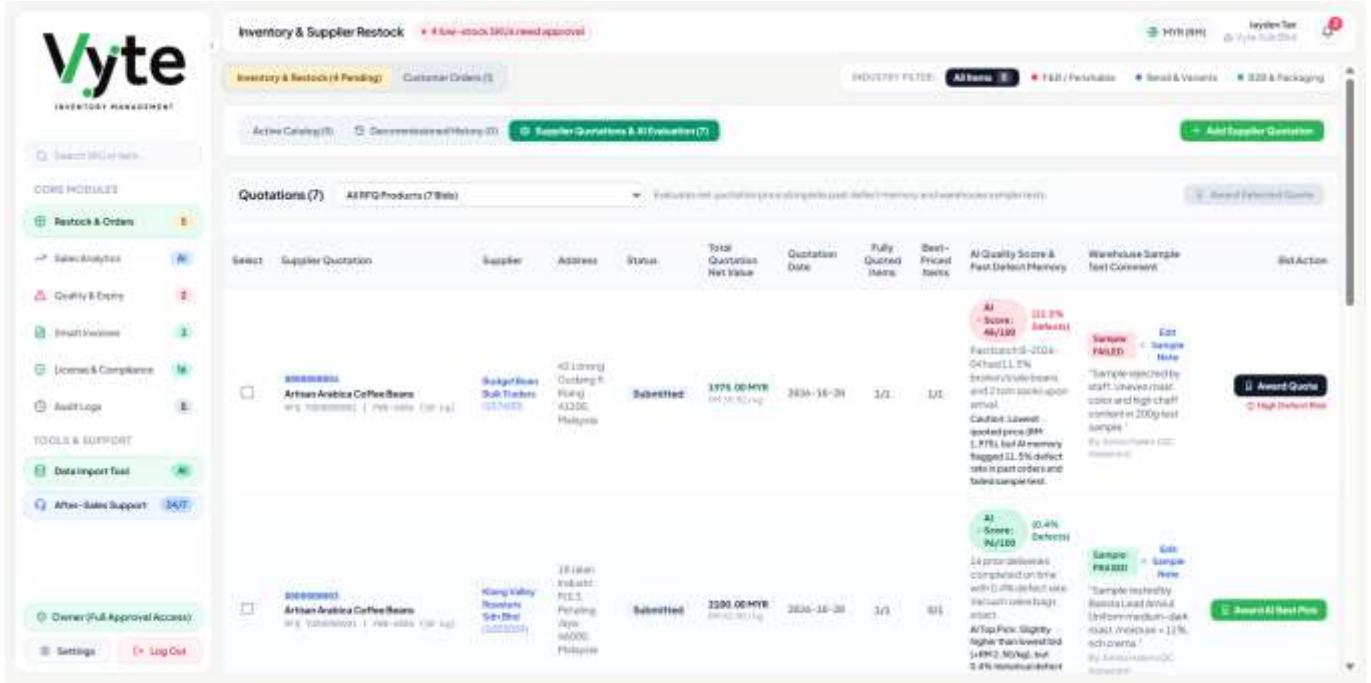

### Audit Traceability

Logs user credentials and SKU counts.

MVP DEMONSTRATION • RFQ BIDDING

# Supplier RFQ Evaluation with Defect Memory

**Rejects Cheap Defective Bids**

Flags BudgetBean 11.5% defect history.

**AI Top Pick Best Value**

Selects Klang Valley Roasters (96/100).

**Staff Quality Integration**

Integrates barista sample inspection notes.

MVP DEMONSTRATION • MODULE 2

# Multilingual NLP Order Intake & Stock Guardrails

### Multilingual Parsing

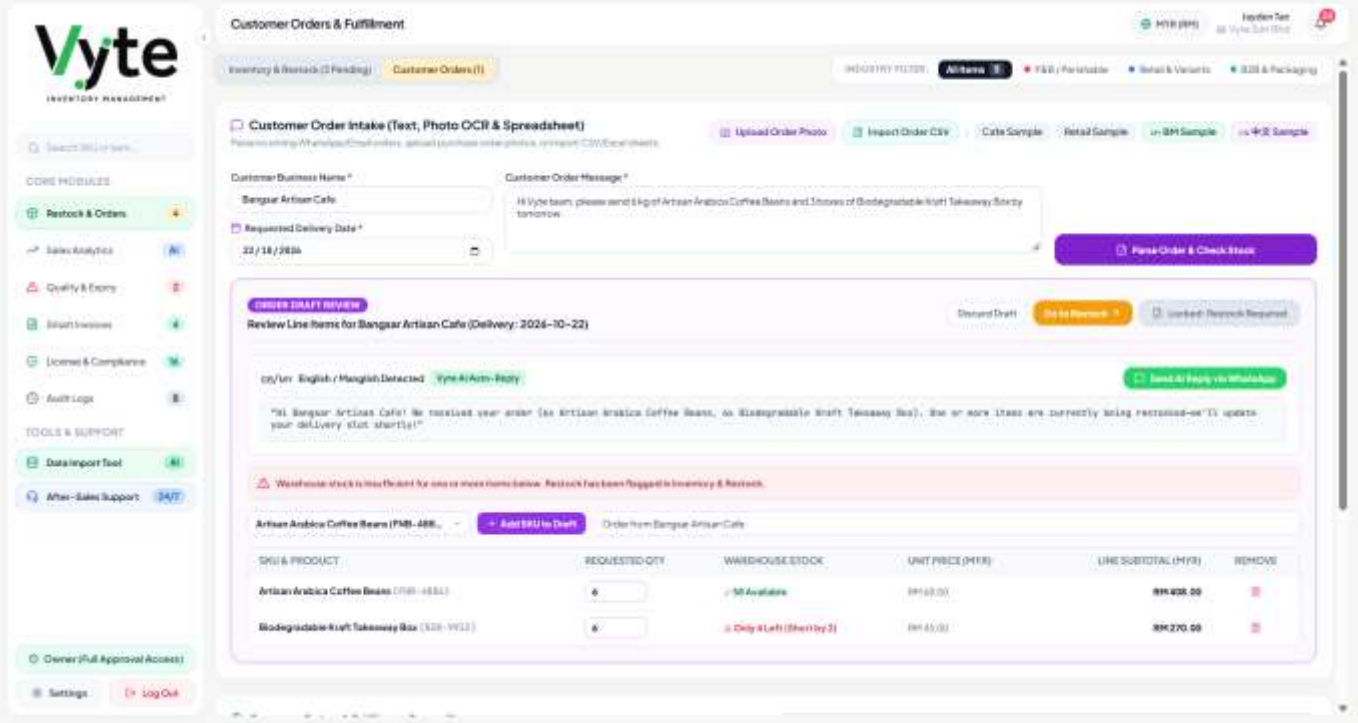

Extracts items from raw messages.

### Physical Stock Locks

Locks order button when stock is low.

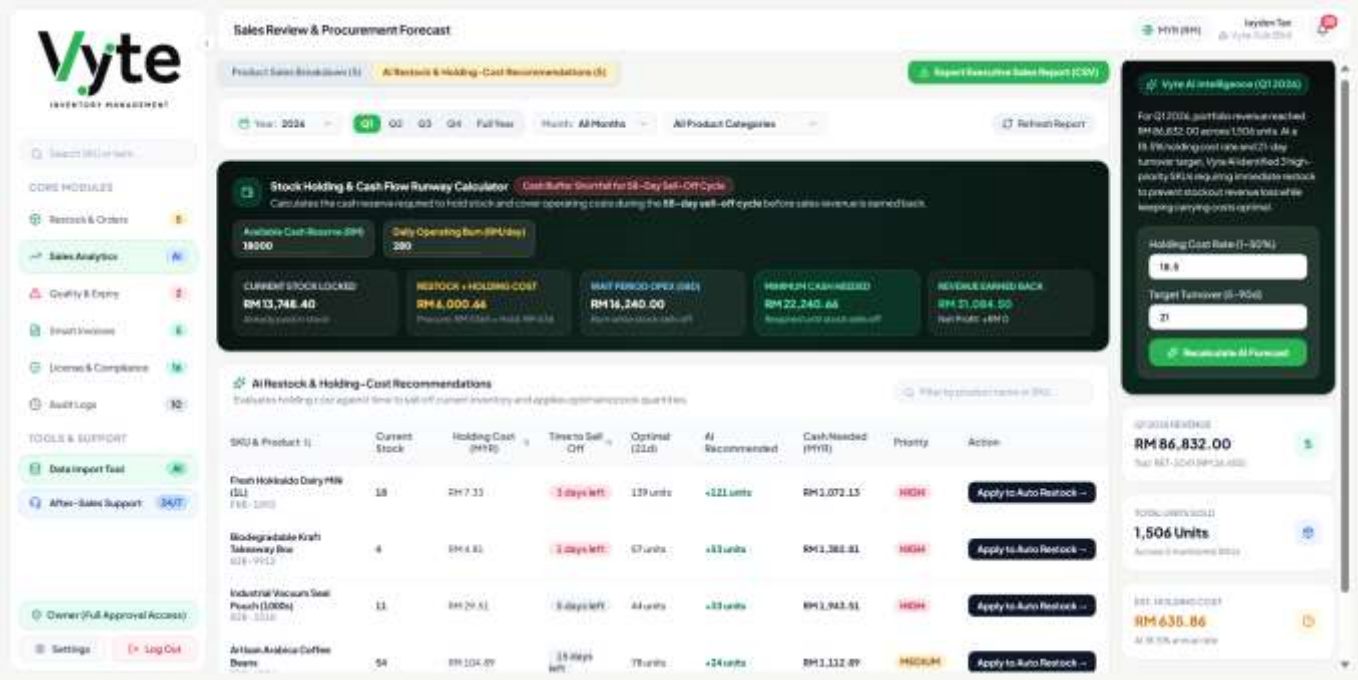

### Automated WhatsApp Reply

Replies in customer native language.

MVP DEMONSTRATION • MODULE 3

# Sales Review & Cash Flow Runway Calculator

**Depletion Velocity Engine**

Calculates exact days until stockout.

**Holding Cost Analytics**

Evaluates 18.5% carrying expenses.

**Cash Flow Runway Modeling**

Projects minimum liquidity buffer needs.

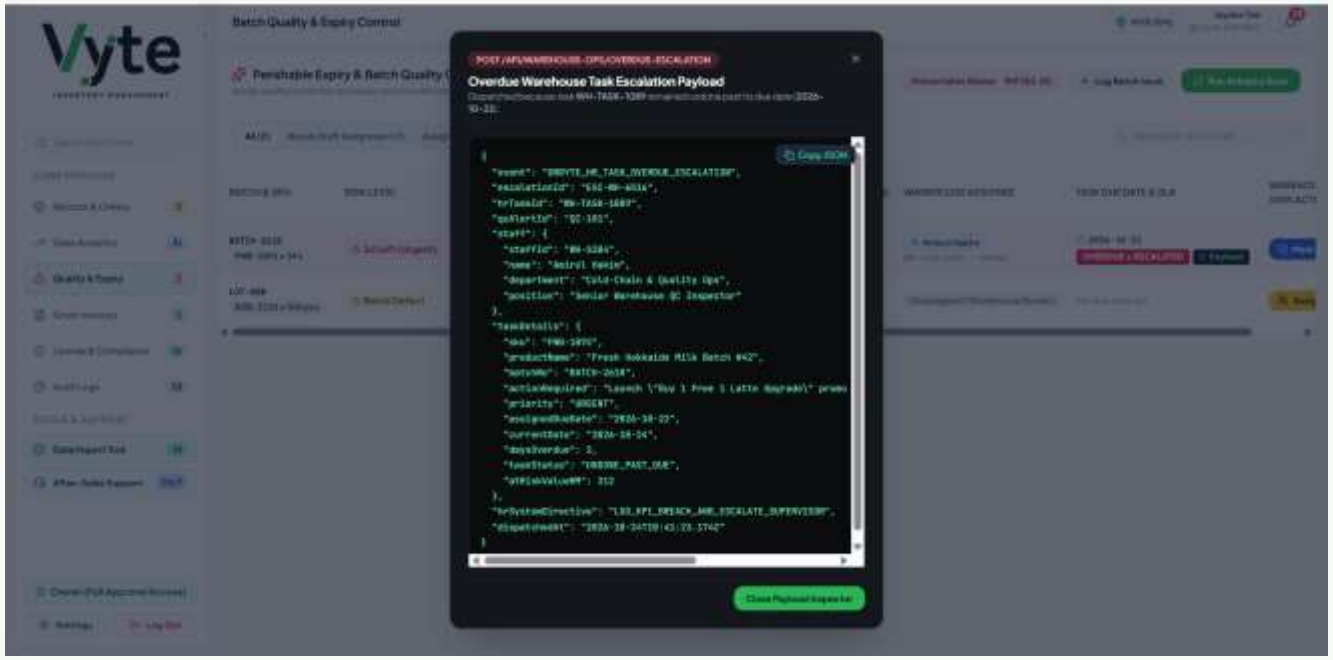

MVP DEMONSTRATION • MODULE 4

# Quality Guardian & Warehouse Task Escalation

**Perishable Expiry Radar**
Detects at-risk milk batch #42.

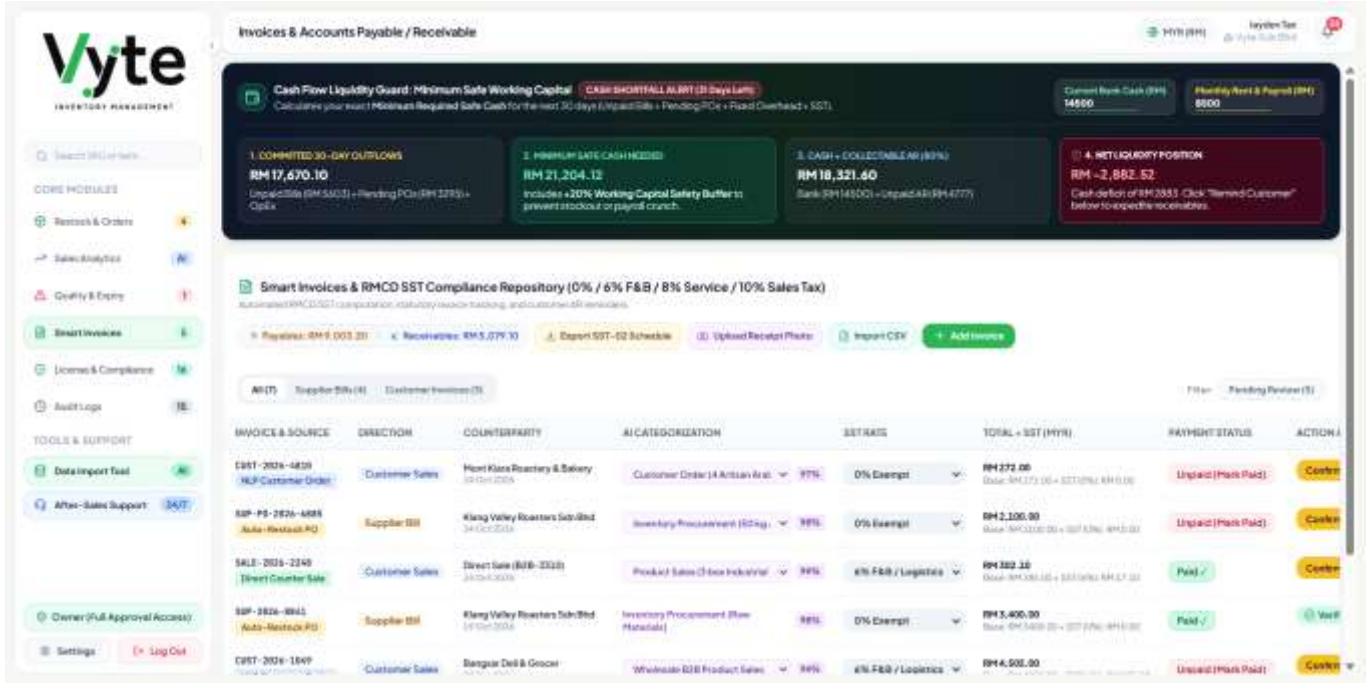

**SLA Task Dispatch**
Dispatches relabeling to warehouse staff.

**Supervisor JSON Escalation**
Automates webhook alerts when overdue.

MVP DEMONSTRATION • MODULE 5

# Smart Invoices & 30-Day Liquidity Guard

**Liquidity Deficit Warnings**

Detects RM 2,882 shortfall early.

**RMCD SST Compliance**

Computes 0%, 6%, 8%, 10% statutory tax.

**1-Click WhatsApp Reminders**

Expedites outstanding receivable collections.

MVP DEMONSTRATION • MODULE 6

# Enterprise Asset Vault & Expiry Radar

### 5-Pillar Asset Tracking

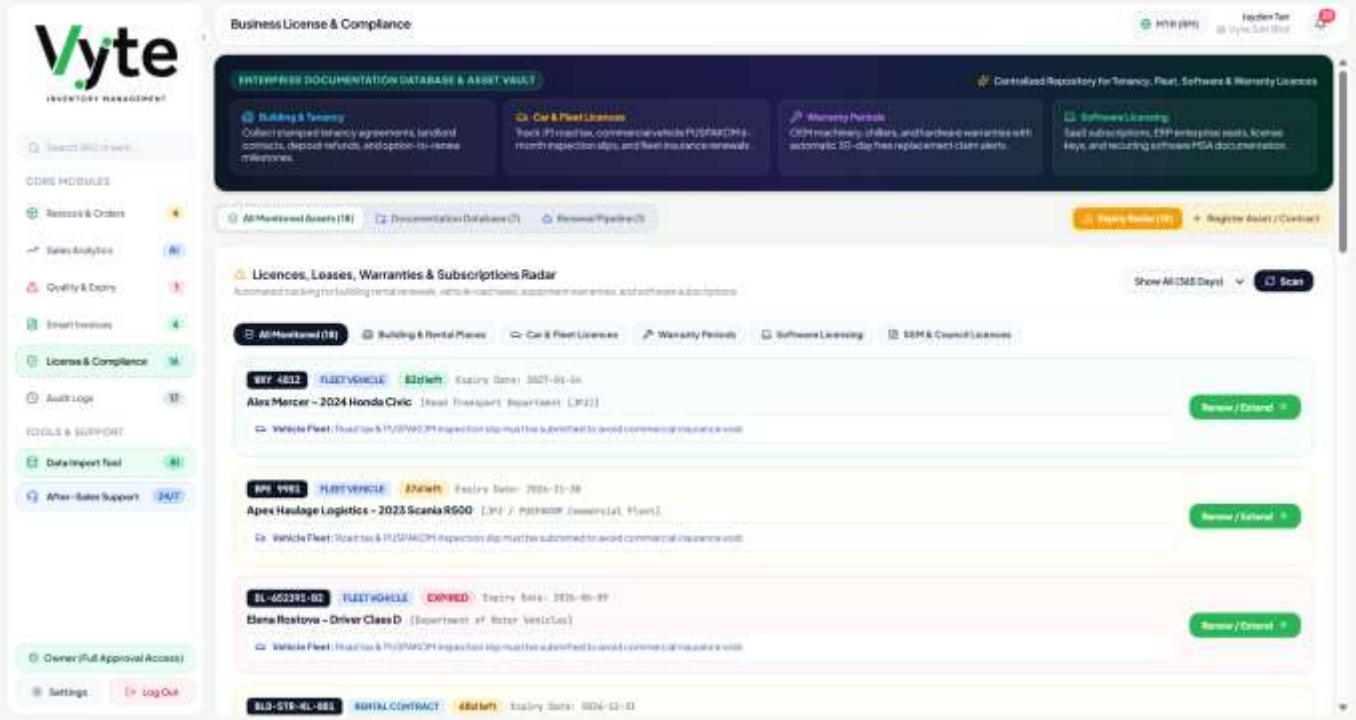

Tenancy, fleet, warranties, software, permits.

### Multi-Year Bundle Savings

Unlocks 22% discounts on council licenses.

### Central Document Vault

Encrypted repository for stamped contracts.

SECURITY & COMPLIANCE

# Strict Role-Based Access Control & PDPA 2010

### Role-Based Access

Owner, Manager, Staff permission separation.

### Human-in-the-Loop AI

Requires explicit authorization for POs.

### PDPA 2010 Compliance

Encrypted session tokens protect records.

AUDITABILITY & GOVERNANCE

# Immutable Activity & Audit Trail

### Cryptographic Integrity

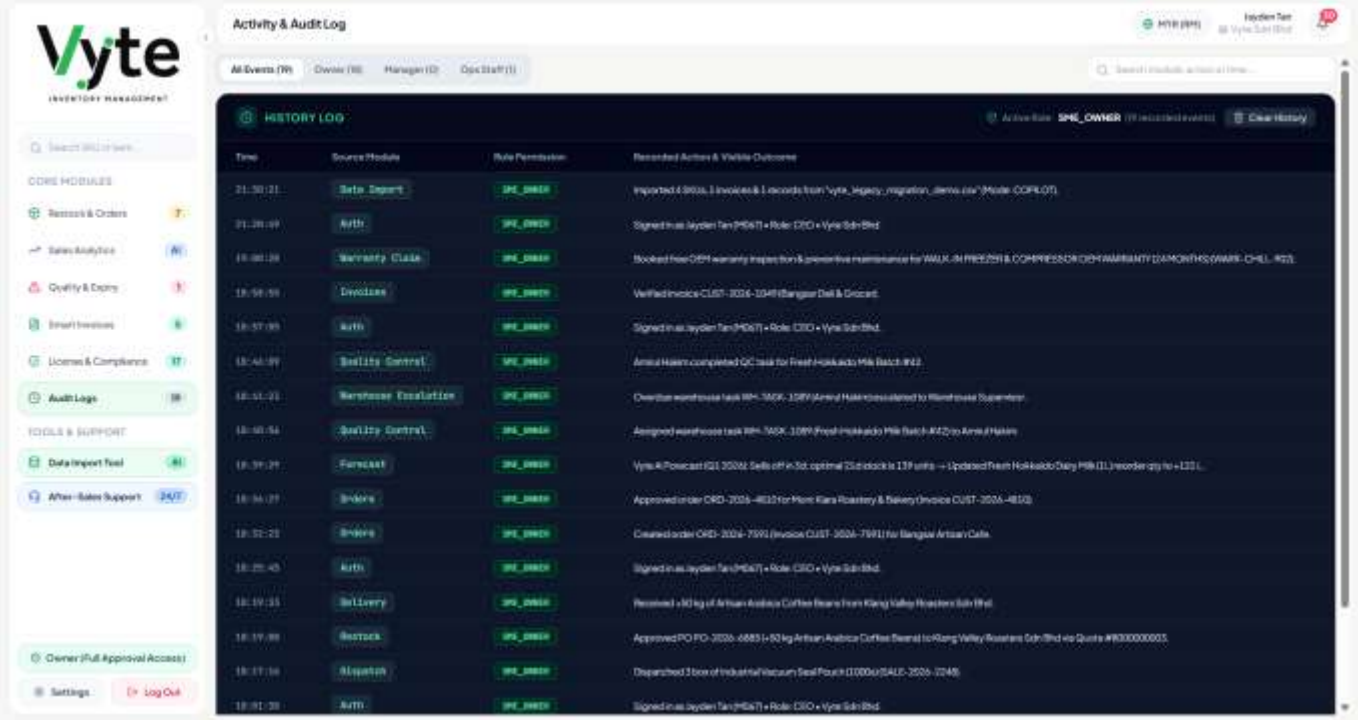

Permanent timestamps on operational events.

### Cross-Module Capture

Tracks restocks, orders, invoices, renewals.

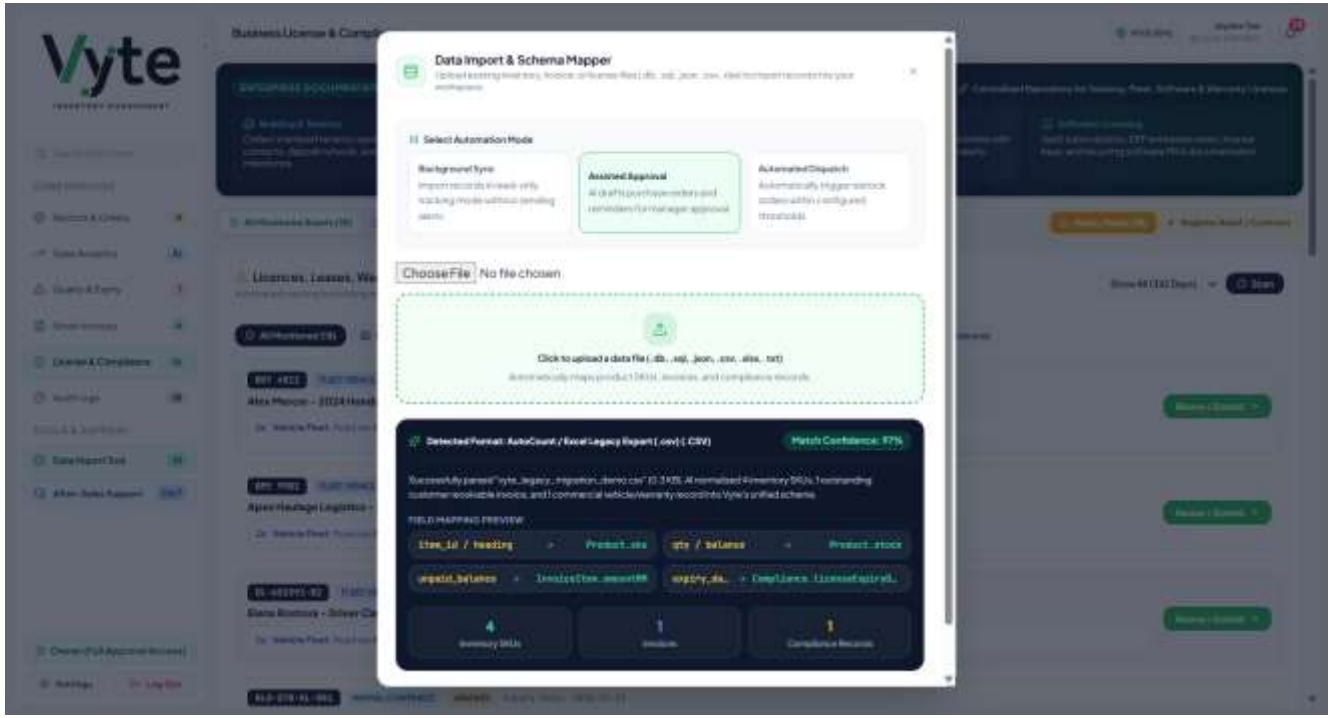

### User Accountability

Captures authenticated user ID credentials.

ONBOARDING & ADOPTION

# Universal Legacy Migrator (AutoCount & Excel)

**97% Match Confidence**

Auto-detects AutoCount and Excel formats.

**Instant Schema Mapping**

Normalizes inventory and invoices instantly.

**Zero Downtime**

Five-second operational onboarding flow.

COMMERCIAL MODEL

# Tiered B2B SaaS with Justifiable 3x–5x ROI

STARTER ENTRY

## Freemium

Core catalog & migration.

CORE OPERATIONS

## RM 199 / mo

Full restock & NLP invoices.

ENTERPRISE SME

## RM 499 / mo

Compliance vault & staff dispatch.

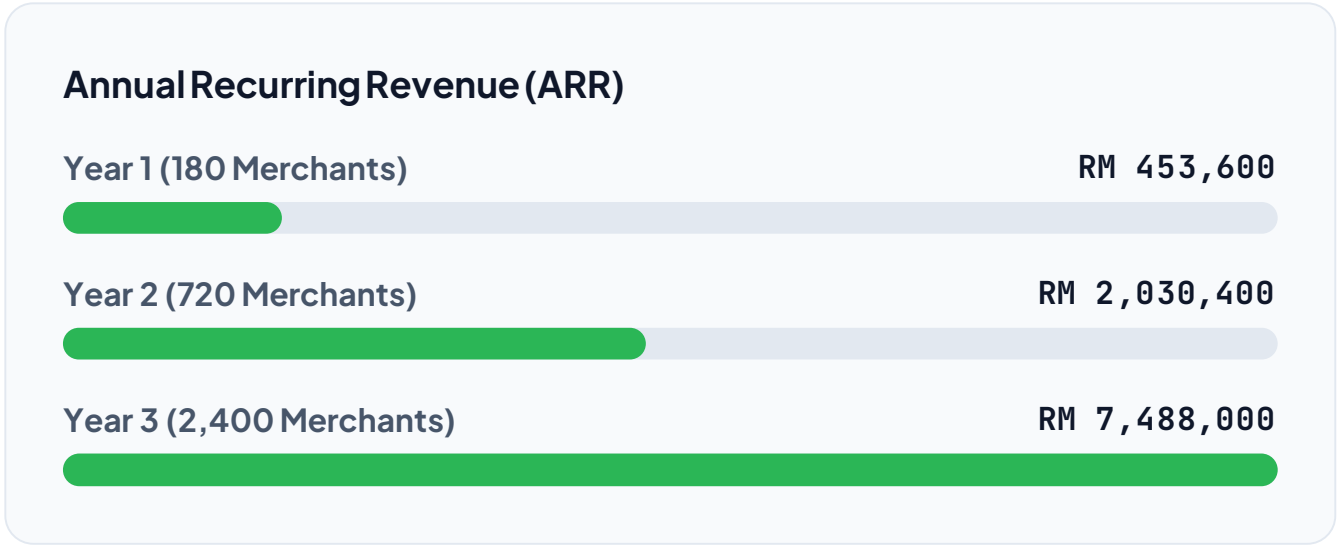

**Justifiable 3x–5x Net ROI (300%–500%)**

Full cash payback achieved within 65 days via salvaged batch waste.

**RM 10,800+ Net Return**

FINANCIAL PROJECTIONS

# 3-Year ARR Growth & Unit Economics

**RM 360**

Customer acquisition cost (CAC).

**13.0x**

LTV to CAC ratio (LTV: RM 4,700).

**< 1.5%**

Monthly net churn rate.

THE AUTONOMOUS SME OPERATING SYSTEM

# Scale with Predictable Operational Clarity

Built with 5-second legacy migrators, defensive data stickiness, and verified unit economics.

Core Team: Yau Zen Hao, Ng Zi Yun, Jayden Lai Quan Qing, Lee Yan Ting, Lew Xiao Hui

Universal Migrator: 5-second AutoCount CSV ingestion
